WOW WORDS: TALKING AT HOME

You are all hopefully aware that as part of The Big Write initiative we are trying to improve our vocabulary by discovering a new WOW word each week. So far we have introduced **divine, sparkly, delicate, precious and fierce**. Over the half term try to encourage your child to use these words and if you can note below how and when they used them that would be even better! ☺ This ISN'T a sit down 'homework' activity. It can be done during mealtimes or whilst out together, even walking home from school! For example you may say 'This dinner tastes nice' and then say could you say that sentence again using one of your WOW words? Another example would be 'That animal looks scary ' (when reading a book, watching TV)...oooh I could have used one of your WOW words in that sentence, which one?' Please jot down their responses and encourage them to speak in COMPLETE sentences, they may even say Capital letter when they start & 'full stop' when they get to the end! We really appreciate your cooperation in this activity and your role in this school initiative is vital it is to make the impact that we hope it will!
